SOUTH SHORE CORPORATE PARK INDUSTRIAL COMMUNITY DEVELOPMENT DISTRICT AGENDA December 6, 2017 at 10:00 a.m.

To be held at the office of Ryan Companies located at 201 North Franklin Center, Suite 3500, Tampa, FL 33602.

District Board of Supervisors	Mike Harryman Douglas Dieck John Tipton Brian Devlin John Carnesale	Chairman Vice Chairman Assistant Secretary Assistant Secretary Assistant Secretary
District Manager	Christine Perkins	Rizzetta & Company, Inc.
District Counsel	Tucker Mackie	Hopping Green & Sams, P.A.
District Engineer	Dave Kemper	Stantec WilsonMiller

All Cellular phones and pagers must be turned off while in the meeting room.

The District Agenda is comprised of five different sections:

The meeting will begin promptly at 10:00 a.m. with the first section, which is called Audience Comments. The Audience Comment portion of the agenda is where individuals may comment on matters that concern the District. Each individual is limited to three (3) minutes for such comment. The Board of Supervisors or Staff is not obligated to provide a response until sufficient time for research or action is warranted. IF THE COMMENT IS MAINTENANCE RELATED ITEM, THESE ITEMS WILL NEED TO BE ADDRESSED BY THE DISTRICT ADMINISTRATOR OUTSIDE THE CONTEXT OF THIS MEETING. The second section is called Business Administration. The Business Administration section contains items that require the review and approval of the District Board of Supervisors as a normal course of business. The third section is called Business Items. The business items section contains items for approval by the District Board of Supervisors that may require discussion, motion and votes on an item-by-item basis. Occasionally, certain items for decision within this section are required by Florida Statute to be held as a Public Hearing. During the Public Hearing portion of the agenda item, the public will be permitted to provide one comment on the issue, prior to the Board of Supervisors discussion, motion and vote. Agendas can be reviewed by contacting the Administrator's office at (813) 533-2950 at least seven days in advance of the scheduled meeting. Requests to address items that are not on this agenda must be submitted in writing with an explanation to the District Administrator at least fourteen (14) days prior to the date of the meeting and will be heard under "Public Comments". The fourth section is called Staff Reports. This section allows the District Administrator, Engineer, and Attorney to update the Board of Supervisors on any pending issues that are being researched for Board action. The final section is called **Supervisor Requests**. This is the section in which the Supervisors may request Staff to prepare certain items in an effort to meet residential needs.

Public workshops sessions may be advertised and held in an effort to provide informational services. These sessions allow staff or consultants to discuss a policy or business matter in a more informal manner and allow for lengthy presentations prior to scheduling the item for approval. Typically no motions or votes are made during these sessions.

Pursuant to provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this meeting is asked to advise the District Office at (813) 533-2950, at least 48 hours before the meeting. If you are hearing or speech impaired, please contact the Florida Relay Service at # 7-1-1, who can aid you in contacting the District Office.

Any person who decides to appeal any decision made by the Board with respect to any matter considered at the meeting is advised that this same person will need a record of the proceedings and that accordingly, the person may need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which the appeal is to be based.

Understanding Your Electric Charges

Average kWh per day - The average amount of electricity purchased per day.

Basic Service Charge – A fixed monthly amount to cover the cost of providing service to your location.

Bright Choicessen - The number of light fixtures and/or poles leased from Tampa Electric, and associated fees and charges.

Budget Billing – Optional plan takes the highs and lows out of monthly electric bills. This "leveling" billing plan averages your last 12 monthly billing periods so you can pay about the same amount for your service each month.

Energy Charge – The cost (except fuel) of producing the electricity you purchased, including conservation, environmental and capacity cost recovery charges.

Estimated – If Tampa Electric was unable to read your meter, "ESTIMATED" will appear. Your electric use has been estimated based on previous usage. The meter is scheduled to be read next month, and any difference between the estimate and actual use will be adjusted accordingly.

Florida Gross Receipts Tax – A tax is imposed on gross receipts from utility services that are delivered to retail customers in Florida, in accordance with Chapter 203 of the Florida Statutes. The tax is levied on utility companies, which collect the tax from all customers, unless exempt, and remit to the state.

Florida State Tax – A privilege tax imposed on every person who engages in the business of selling or renting tangible personal property at retail in the state, in accordance with Chapter 212 of the Florida Statutes.

Franchise Fee – A fee levied by a municipality for the right to utilize public property for the purpose of providing electric service. Like taxes, the fee is collected by Tampa Electric and is paid to the municipality.

For more information about your bill, please visit tampaelectric.com.

Fuel Charge – Cost of fuel used to produce electricity you purchased. Fuel costs are passed through from fuel suppliers to our customers with no markup or profit to Tampa Electric.

Kilowatt-Hours (kWh) - The basic measurement of electric energy use.

Late Payment Charge – For past due amounts more than \$10, the late payment charge is the greater of \$5 or 1.5% of the past due amount. For past due amounts of \$10 or less, the late payment charge is 1.5% of the past due amount.

Municipal Public Service Tax ~ In addition to the Franchise Fee, many municipalities levy a tax on the electricity you use. It is collected by Tampa Electric and paid to the municipality.

Past Due – Previous charges that are past due are subject to a late payment charge fee and may result in disconnection.

Rate Schedule – The amount (rate) you pay depends on your customer category. The cost of providing service varies with the customer group.

Renewable Energysm – The amount of electricity purchased from renewable sources.

Share – A program co-sponsored by Tampa Electric and the Salvation Army where customers can help pay the energy bills of customers in need. A one-time contribution can be made, or your monthly elected contribution will appear on your bill. Your contribution is tax deductible and is matched by Tampa Electric.

Total Amount Due – This month's charges will be past due after the date shown. THIS DATE DOES NOT EXTEND THE DATE ON ANY PREVIOUS BALANCE. It is important that you pay your bill before this date in order to avoid interruption of service.

Zap Cap Systems^a – Surge protection for your home or business sold separately as a non-energy charge.

Your payment options are:

- · Schedule free one-time or recurring payments at tampaelectric.com using a checking or savings account.
- Mail your payment in the enclosed envelope. Please allow sufficient time for delivery.
- Pay in person at a local authorized payment agent. For a listing of authorized payment agents, visit tampaelectric.com or call Customer Care at the number listed above.
- Pay by credit or debit card using Quick Pay at tampaelectric.com or call 866-689-6469. (A convenience fee will be charged to your bank account or credit card.)

When making your payment, please have your bill or account number available.

Please note: If you choose to pay your bill at a location not listed on our websile or provided by Tampa Electric, you are paying someone who is not authorized to act as a payment agent of Tampa Electric. You bear the risk that this unauthorized party will relay the payment to Tampa Electric and do so in a timely fashion. Tampa Electric is not responsible for payments made to unauthorized agents, including their failure to deliver or timely deliver the payment to us. Such failures may result in late payment charges to your account or service disconnection.

Reporting a streetlight outage is easy

At Tampa Electric, our crews take pride in keeping the lights on for you. If you see a malfunctioning streetlight, please follow these three easy steps to notify us.

- 1. Make note of the pole ID number and the nearest street address or intersection to the light. This helps our crews locate the light quickly.
- 2. Report the light at **tampaelectric.com/ReportLight** or call:
 - 813-223-0800 (in Hillsborough County)
 - 863-299-0800 (in Polk County)
 - 1-888-223-0800 (in Pasco and Pinellas counties)
- 3. Provide your contact information so we can acknowledge your request.

By letting us know when you see a malfunctioning streetlight, you can help us serve you – and the community – better.

MORE POWER TO YOU, TAMPA BAY®

August 2017 PM

ITS did the monthly PM and found a 2 inch valve that was not working. ITS will replace that valve.

ITS also found two alarms on zones 31 and 32 for two faulty decoders. After various tests, ITS determined that they need to be replaced.

Understanding Your Electric Charges

Average kWh per day - The average amount of electricity purchased per day.

Basic Service Charge – A fixed monthly amount to cover the cost of providing service to your location.

Bright Choicess – The number of light fixtures and/or poles leased from Tampa Electric, and associated fees and charges.

Budget Billing – Optional plan takes the highs and lows out of monthly electric bills. This "leveling" billing plan averages your last 12 monthly billing periods so you can pay about the same amount for your service each month.

Energy Charge – The cost (except fuel) of producing the electricity you purchased, including conservation, environmental and capacity cost recovery charges.

Estimated – If Tampa Electric was unable to read your meter, "ESTIMATED" will appear. Your electric use has been estimated based on previous usage. The meter is scheduled to be read next month, and any difference between the estimate and actual use will be adjusted accordingly.

Florida Gross Receipts Tax – A tax is imposed on gross receipts from utility services that are delivered to retail customers in Florida, in accordance with Chapter 203 of the Florida Statutes. The tax is levied on utility companies, which collect the tax from all customers, unless exempt, and remit to the state.

Florida State Tax – A privilege tax imposed on every person who engages in the business of selling or renting tangible personal property at retail in the state, in accordance with Chapter 212 of the Florida Statutes.

Franchise Fee – A fee levied by a municipality for the right to utilize public property for the purpose of providing electric service. Like taxes, the fee is collected by Tampa Electric and is paid to the municipality.

For more information about your bill, please visit tampaelectric.com.

Fuel Charge – Cost of fuel used to produce electricity you purchased. Fuel costs are passed through from fuel suppliers to our customers with no markup or profit to Tampa Electric.

Kilowatt-Hours (kWh) - The basic measurement of electric energy use.

Late Payment Charge – For past due amounts more than \$10, the late payment charge is the greater of \$5 or 1.5% of the past due amount. For past due amounts of \$10 or less, the late payment charge is 1.5% of the past due amount.

Municipal Public Service Tax – In addition to the Franchise Fee, many municipalities levy a tax on the electricity you use. It is collected by Tampa Electric and paid to the municipality.

Past Due – Previous charges that are past due are subject to a late payment charge fee and may result in disconnection.

Rate Schedule - The amount (rate) you pay depends on your customer category. The cost of providing service varies with the customer group.

Renewable Energysm - The amount of electricity purchased from renewable sources.

Share – A program co-sponsored by Tampa Electric and the Salvation Army where customers can help pay the energy bills of customers in need. A one-time contribution can be made, or your monthly elected contribution will appear on your bill. Your contribution is tax deductible and is matched by Tampa Electric.

Total Amount Due – This month's charges will be past due after the date shown. THIS DATE DOES NOT EXTEND THE DATE ON ANY PREVIOUS BALANCE. It is important that you pay your bill before this date in order to avoid interruption of service.

Zap Cap Systems[®] – Surge protection for your home or business sold separately as a non-energy charge.

Your payment options are:

- Schedule free one-time or recurring payments at tampaelectric.com using a checking or savings account.
- · Mail your payment in the enclosed envelope. Please allow sufficient time for delivery.
- Pay in person at a local authorized payment agent. For a listing of authorized payment agents, visit tampaelectric.com or call Customer Care at the number listed above.
- Pay by credit or debit card using Quick Pay at **tampaelectric.com** or call **866-689-6469**. (A convenience fee will be charged to your bank account or credit card.)

When making your payment, please have your bill or account number available.

Please note: If you choose to pay your bill at a location not listed on our website or provided by Tampa Electric, you are paying someone who is not authorized to act as a payment agent of Tampa Electric. You bear the risk that this unauthorized party will relay the payment to Tampa Electric and do so in a timely fashion. Tampa Electric is not responsible for payments made to unauthorized agents, including their failure to deliver or timely deliver the payment to us. Such failures may result in late payment charges to your account or service disconnection.

Understanding Your Electric Charges

Average kWh per day – The average amount of electricity purchased per day.

Basic Service Charge - A fixed monthly amount to cover the cost of providing service to your location.

Bright Choicessan The number of light fixtures and/or poles leased from Tampa Electric, and associated fees and charges.

Budget Billing — Optional plan takes the highs and lows out of monthly electric bills. This "leveling" billing plan averages your last 12 monthly billing periods so yourcan pay about the same amount for your service each month.

Energy Charge – The cost (except fuel) of producing the electricity you purchased, including conservation, environmental and capacity cost recovery charges.

Estimated – If Tampa Electric was unable to read your meter, "ESTIMATED" will appear. Your electric use has been estimated based on previous usage. The meter is scheduled to be read next month, and any difference between the estimate and actual use will be adjusted accordingly.

Florida Gross Receipts Tax – A tax is imposed on gross receipts from utility services that are delivered to retail customers in Florida, in accordance with Chapter 203 of the Florida Statutes. The tax is levied on utility companies, which collect the tax from all customers, unless exempt, and remit to the state.

Florida State Tax - A privilege tax imposed on every person who engages in the business of selling or renting tangible personal property at retail in the state, in accordance with Chapter 212 of the Florida Statutes.

Franchise Fee – A fee levied by a municipality for the right to utilize public property for the purpose of providing electric service. Like taxes, the fee is collected by Tampa Electric and is paid to the municipality.

For more information about your bill, please visil tampaelectric.com.

Fuel Charge – Cost of fuel used to produce electricity you purchased. Fuel costs are passed through from fuel suppliers to our customers with no markup or profit to Tampa Electric.

Kilowatt-Hours (kWh) - The basic measurement of electric energy use.

Late Payment Charge – For past due amounts more than \$10, the late payment charge is the greater of \$5 or 1.5% of the past due amount. For past due amounts of \$10 or less, the late payment charge is 1.5% of the past due amount.

Municipal Public Service Tax – In addition to the Franchise Fee, many municipalities levy a tax on the electricity you use. It is collected by Tampa Electric and paid to the municipality.

Past Due – Previous charges that are past due are subject to a late payment charge fee and may result in disconnection.

Rate Schedule – The amount (rate) you pay depends on your customer category. The cost of providing service varies with the customer group.

Renewable Energysm – The amount of electricity purchased from renewable sources.

Share - A program co-sponsored by Tampa Electric and the Salvation Army where customers can help pay the energy bills of customers in need. A one-time contribution can be made, or your monthly elected contribution will appear on your bill. Your contribution is tax deductible and is matched by Tampa Electric.

Total Amount Due – This month's charges will be past due after the date shown. THIS DATE DOES NOT EXTEND THE DATE ON ANY PREVIOUS BALANCE. It is important that you pay your bill before this date in order to avoid interruption of service.

Zap Cap Systems^{*} – Surge protection for your home or business sold separately as a non-energy charge.

Your payment options are:

- Schedule free one-time or recurring payments at tampaelectric.com using a checking or savings account.
- · Mail your payment in the enclosed envelope. Please allow sufficient time for delivery.
- Pay in person at a local authorized payment agent. For a listing of authorized payment agents, visit tampaelectric.com or call Customer Care at the number listed above.
- Pay by credit or debit card using Quick Pay at **tampaelectric.com** or call **866-689-6469**. (A convenience fee will be charged to your bank account or credit card.)

When making your payment, please have your bill or account number available.

Please note: If you choose to pay your bill at a location not listed on our website or provided by Tampa Electric, you are paying someone who is not authorized to act as a payment agent of Tampa Electric. You bear the risk that this unauthorized party will relay the payment to Tampa Electric and do so in a timely fashion. Tampa Electric is not responsible for payments made to unauthorized agents, including their failure to deliver or timely deliver the payment to us. Such failures may result in late payment charges to your account or service disconnection.

FIRST AMENDMENT TO THE CONSOLIDATED AMENDED AND RESTATED PROMISSORY PAYMENT AGREEMENT

THIS FIRST AMENDMENT is made and entered into as of the 6^{th} day of December, 2017, by and between:

SOUTH SHORE CORPORATE PARK INDUSTRIAL COMMUNITY DEVELOPMENT DISTRICT, a local unit of special-purpose government established pursuant to Chapter 190, *Florida Statutes*, being situated in Hillsborough County, Florida, whose mailing address is 3434 Colwell Avenue, Suite 200, Tampa, Florida 33614 (the "**District**"); and

SOUTH SHORE CORPORATE PARK, LLC, a Minnesota limited liability corporation, the primary owner and the developer of lands within the boundaries of the District, whose mailing address is 101 East Kennedy Boulevard, Suite 2450, Tampa, Florida 33602 (the "**Developer**," and together with the District, the "**Parties**").

RECITALS

WHEREAS, the District is a local unit of special-purpose government established, pursuant to the Uniform Community Development Act of 1980, as codified in Chapter 190, *Florida Statutes*, by ordinance of the Board of County Commissioners in and for Hillsborough County, Florida; and

WHEREAS, the District was established for the purpose of planning, financing, constructing, operating and/or maintaining certain infrastructure improvements, facilities and services in conjunction with the development of lands commonly known as the South Shore Corporate Park (the "**Property**"); and

WHEREAS, the Developer is an owner and the primary developer of the Property; and

WHEREAS, the District and Developer previously entered into that certain *Consolidated Amended and Restated Promissory Note*, dated January 7, 2016 ("**Note**");

WHEREAS, pursuant to Section 10 of the Note, the Parties desire to amend the Note by and through this First Amendment to the Note ("**First Amendment**"); and

WHEREAS, the District and Developer warrant and agree that they have all right, power and authority to enter into and be bound by this First Amendment.

Now THEREFORE, in consideration of the recitals, agreements, and mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the Parties, the Parties agree as follows:

SECTION 1. The recitals so stated are true and correct and by this reference are incorporated into and form a material part of this First Amendment.

SECTION 2. Section 1 of the Note shall be amended and restated in its entirety to read as follows (text indicated in strike through type is deleted and text indicated by underline is added):

1. **PRINCIPAL.** Subject to the conditions set forth below, the District promises to pay to the Developer the sum of Fifteen Million Seven Hundred Eighty-Three Thousand One Hundred Seventy-Two Dollars and 08/100 Cents (\$15,783,172.08) (the "Principal Balance"), which represents the sum of the First Note Remaining Principal Amount and the Second Note Initial Principal Amount. All sums owing under this Agreement are payable in lawful money of the United States of America. The obligations under this Agreement are not general obligations of the District and the Principal Balance shall be paid only from the proceeds received by the District from the issuance to a bona fide third party purchaser not affiliated with the Developer of Bonds. In the event that the District cannot obtain sufficient proceeds from the issuance of the Bonds to repay the full amount of the Principal Balance, the Principal Balance shall be reduced by the amount that the District cannot obtain from proceeds received from the issuance of the Bonds. Further, certain of the First Improvements and/or Second Improvements acquired by the District generated impact fee credits issued by Hillsborough County (the "District Impact Fee Credits"). Subject to the repayment terms set forth in Section 3 herein, at the time of repayment by the District, the Principal Balance will be reduced by the value of the District Impact Fee Credits belonging to the District, but retained by the Developer. As of the date of this First Amendment, the Developer received payment for a portion of District Impact Fee Credits at a price of Six Million Four Hundred Thousand Dollars and 00/100 Cents (\$6,400,000.00). As a result, the Parties herein recognize that the Developer's receipt of funds shall be treated as repayment of a portion of the Principal Balance. Accordingly, the "Revised Principal Balance" as of the date hereof is Nine Million Three Hundred Eighty-Three Thousand One Hundred Seventy-Two Dollars and 08/100 Cents (\$9,383,172.08).

SECTION 3. Except as specifically amended above, the Note shall remain in full force and effect, unaltered by this First Amendment.

[signatures contained on following page]

IN WITNESS WHEREOF, the parties hereto have signed this First Amendment on the day and year first written above.

INTRODUCTION

This 0.47 acre wetland mitigation area was created as compensation for permanent impacts to 0.37 acres of jurisdictional waters, 0.24 acres of wetlands, and 0.13 acres of other waters of the US associated with the 30th Street Segment Two project under USACE Nationwide Permit No. SAJ-2008-03530 (NW-CMW).

The wetland mitigation area was created by scraping a section of previous pasture area adjacent to a freshwater marsh (Wetland M), which receives outfall from the mitigation area. Inflow to the mitigation area comes from a settling sump to the north, which receives drainage from the adjacent Amazon facility. Initial planting of the mitigation area was completed in May of 2014 per the originally permitted plan.

In February of 2015, Stantec Consulting Services, Inc. reported that the wetland was "experiencing higher water levels, for a longer duration, than that which was originally anticipated" and as such the hydrology of the mitigation area is not suitable for the majority of the species originally planted. A Wetland Mitigation Remediation Plan was submitted, wherein several new species of wetland plants more suitable to the conditions of the mitigation area were introduced. This remediation plan was implemented in January of 2016 and consisted of herbicide application for all of the undesirable species which had taken over the area, and replanting of an updated variety of plants. A time-zero report was submitted upon planting completion.

METHODS

Field observations for this report were made during site visits in January, March, April, August, and September of 2017. Photos were taken in March and August from the previously assigned photo station at the NE corner of the mitigation area, facing WSW and S as well as various other points in order to show closer views of selected plants.

Two herbicide applications in late 2015 were conducted in order to prepare the area for replanting. Due to unexpected conditions and lack of maintenance, the area was overtaken with undesirable species, primarily Cattail and Torpedograss. As such, all vegetation except previously planted trees, was killed in place with herbicide and left to naturally wilt and decompose.

Planting was conducted on January 15 and 18 of 2016, photos were taken on January 20th and submitted within the time-zero report. The following plants were installed:

Common Name	Species Name	Size	Quantity
Buttonbush	Cephalanthus occidentalis	3 Gal	41
Carolina Willow	Salix caroliniana	3 Gal	41
Jointed Spikerush	Eliocharis interstincta	Bare Root	220
Pickerelweed	Pontederia cordata	Bare Root	220
Duck Potato	Sagittaria latifolia	Bare Root	220
Giant Bulrush	Schoeneoplectus californicus	Bare Root	220
Laurel Oak	Quercus laurifolia	3 Gal	26
Wax Myrtle	Myrica cerifera	3 Gal	26

SUCCESS CRITERIA

This wetland is expected to develop into a partially forested wetland with shrub and herbaceous understory. Success criteria include at least 80% coverage by desirable species, less than 5% cover by Cat I and II invasive species, less than 20% mortality of planted species, and soils saturated to the surface at least 5-12% of the growing season. Success criteria is based on wetland meeting and maintaining the above qualifications without assistance of irrigation, invasive removal, or supplemental planting.

FINDINGS

The wetland had minor setbacks due to an extremely dry winter. Some of the original plantings were lost, especially the herbaceous plants such as *Pontederia* and *Sagittaria*. The ground in many areas fully dried out for several weeks in late winter/early spring. A few of these plants survived and are growing again well now. The trees, shrubs, and the majority of the rushes survived. The additional bare area also allowed for more intrusion from invasive species, specifically torpedograss and a few patches of Cogongrass were also noted in the spring. These were all treated selectively with herbicide in April and August.

The wetland is filling in and is approximately 50% covered. This is expected to continue until plants cover 80% of the area as intended. Woody species are growing as expected and appear healthy, with no mortality of these species.

Undesirable species coverage is very low due to quarterly maintenance. The primary intrusive plant noted have been torpedograss (*Panicum repens*) and was treated with herbicide.

MAINTENANCE PLAN

Periodic maintenance is scheduled to assist the wetland in progressing to meet success criteria. Maintenance will include targeted herbicide spraying or hand removal of invasive, exotic, or otherwise nuisance species. The following tentative schedule has been proposed:

- Year 1: 6 treatments (bi-monthly)
- Year 2 and 3: 4 treatments (quarterly)
- Year 4 and 5: 2 treatments if needed (semi-annually)

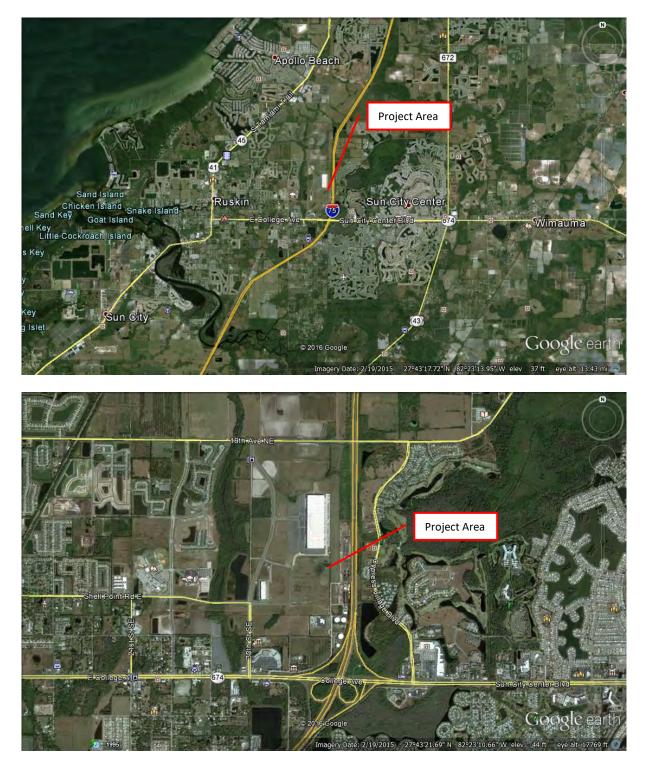

MONITORING PLAN

Semi-annual monitoring will be conducted in February and August each year, with photos taken at each event. Information will be compiled into one annual report in August of each year and submitted to USACE (unless otherwise directed).
